

Miami-Dade County Private & Charter Schools

Approved for Dual Enrollment

During the 2012-13 legislative sessions, Senate Bill 1514 made substantial revisions to the funding provisions for dual enrollment. Effective July 1, 2013 high schools shall pay the College the standard tuition rate of \$71.93 per credit hour for dual enrollment courses offered on the college campuses. MDC will apply the same charges to private and charter schools interested in participating in its dual enrollment program. A Dual Enrollment Agreement signed by the private/charter school authorizes MDC to enroll its students in a maximum of two (2) college dual enrollment courses per semester and to be billed at the standard tuition rate.

The following is a list of schools that have signed a Dual Enrollment Agreement with MDC:

Private/Charter	Name of School	ETS/CEEB School Code
