

ERRATA SHEET

BACCALAUREATE DEGREE – ADDITIONAL INFORMATION

- An Associate in Arts degree for 60 credits earned from a regionally accredited college or university.
- A minimum of a 2.5 cumulative GPA on a 4.0 scale.
- Passing scores on all sections of the CLAST exam or the General Knowledge Test without exemptions or waivers. Add "or General Knowledge Test" to the second sentence after CLAST.

Fingerprint Requirement - Most courses in the teacher education program require school site-based field experiences, culminating in a full time 12 week internship. School districts require a criminal background check for field placement students and interns. Fingerprinting and FBI background check procedures are at the applicant's expense. Students with felony arrests may wish to consider these requirements carefully and, if necessary, seek advice from an advisor in the School of Education before applying to programs in the School of Education. Students without a valid Social Security number will not be eligible for placement in the school district. The Director of Clinical Supervision and Internship Placement will assist students through these requirements.
